

# MOX-SPI-5050F SERIES

## High Current Low Profile Surface Mount Power Inductors

Moxie®  
INDUCTOR CORPORATION

- Low cost.
- High current iron powdered core.
- Low profile package design.
- Industrial operating temperature: -55°C to +125°C.
- Shielded construction.
- Tape & Reel packaging available. (500 pieces per reel)
- Moxie custom designs available.
- RoHS compliant.

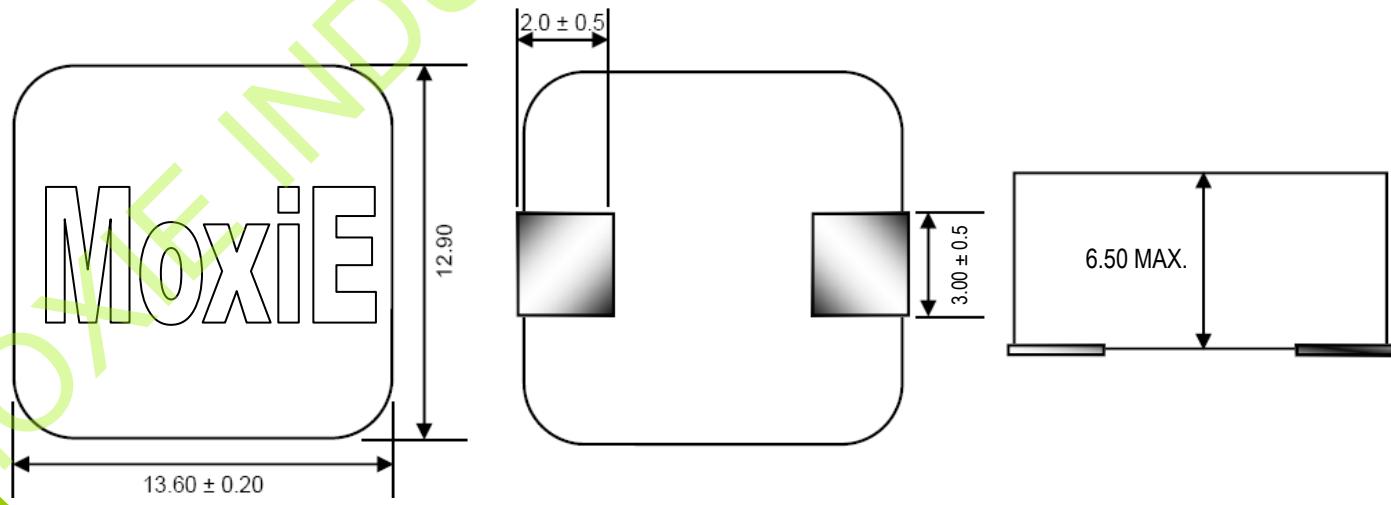

## NOTES

- $I_{rms}$ : DC current (A) that will cause an approximate  $\Delta T$  of 40°C.
- Saturation: DC current (A) that will cause  $L_o$  to drop approximately 20%.
- Packaging: Tape & Reel.
- RoHS Compliant.
- The part temperature (ambient + temp rise) should not exceed 125°C under worst case operating condition Circuit design 125°C under worst case operating conditions.
- Component placement, PWB trace size and thickness, airflow and other cooling provisions all affect the part temperature. Part temperature should be verified in the end application.
- Moxie Inductor Corporation specifications are subject to change without notice.
